

**Garbage Truck**  
**Sex Bob-Omb**

\*I have set this out so it is easy to read\*

Hey guys, i m a bit of a novice with this sort of thing and this is my first tab, but I worked out an easier way to play the main part of Garbage Truck from the film Scott vs. The World, with Cowboy Chords...

The main part of the song (the continuous Bass Line that is exactly the same notes as acoustic s chords) is all I know, but as I said it is pretty much all the song. Its the intro that runs through the most of the tune.

[Intro]

**E E D D G G B7 B7 B7** (PLAY X4) [main riff]

[then play] **B7 B7 B7 B7 A A A G**

**E E D D G G B7 B7 B7** (AND SO ON..)

Sorry, But this is all I know =/

[Lyrics]

(Woo oh oh oh)

I ll take you for a ride

On my garbage truck

Oh no!

I ll take you to the dump

Cause you re my queen

Take you uptown

I ll show you the sights

You know you want to ride

On my garbage truck

Truck truck truck

We ll pass our engines by

Drive right through the needle s eye (Oh my)

My garbage truck

Oh my my my my

I got a stereo

You just got to turn the knob

And baby we ll go

As far as we can  
I ll be your garbage man

And I ll take out your junk  
And I ll crush it down  
Jesus in the rearview  
And the highway patrol is up ahead  
In my garbage truck truck

I ll never throw you away  
When you re old and grey  
Just roll it away
