Verse

Off and through France a lovely little town  
A lovely little bar on the corner  
We went inside the girls are tied  
Hoisting and remembering the torturing  
Jason got loud it didn't bother me

Bothered all the wheels in the corner  
Built like a ship it skinny down the list  
Fisting I remember I joined in

On the way home another little town  
Another little bar on the corner  
What we gonna do, what we gonna say  
What we gonna do about Jason  
Cause Jason died...
