            E                           C#m
                Everytime you have to whisper good-bye
        G#m                         B
Well I cry just a little bit       ( cry just a little bit )
            E                       C#m
              I know it s crazy and I don t know why
         G#m                        B
  But I die just a little bit       ( die just a little bit )

         A           B           C#m
            I need to be the one that s by your side
     B    A           B           E
        you are the beat in my heart.
    G#m  A           B           C#m
        My love for you is something I can t hide
         A                       B
  And I cry just a little bit   ( cry just a little bit )
           A                     B
        cry just a little bit   ( cry just a little bit )

           -----------------------------------------------
            E                           C#m
                Every night before I m fallin  asleep
          G#m                         B
   Well I pray just a little bit     ( pray just a little bit. )

            E                           C#m
              I pray nobody wants your loving to keep
          G#m                         B
 And you stray just a little bit    ( stray just a little bit )
           -----------------------------------------------

         A           B           C#m
            Don t let temptation fill your heart with dreams
     B    A           B           E
        Don t let your mind run away.
    G#m  A           B           C#m
           Forbidden love is never what it seems
         A                       B
 And you cry just a little bit  ( cry just a little bit )
