

Chasing Shadows
Shakira

Parte 1

C **F**
Sunrise blinded by the morning light
C **Dm** **C** **G**
Already dreaming up tonight
C
And I know
Dm **C** **G**
That it won't be long
C
Oh, we can't hide
Dm **C** **G**
From the love that burns this strong

Refrão

F **G**
But it's just you and me
C
And we chase our shadows
F
We're waiting for, just waiting for
The sun to go down
G
But until it does
C
We'll chase our shadows
F
And when the night comes
We will run from nothing, my love
F **G**
But it's just you and me
C
And we chase our shadows
F
We're waiting for, just waiting for
The sun to go down
G
But until it does
C
We'll chase our shadows
F
And when the night comes
We will run from nothing, my love

G
 Nothing, my love
C
 Nothing, my love
F
 Nothing, my love
F
 Nothing, my love
G
 Nothing, my love
C
 Nothing, my love
F
 Nothing, my love
F
 Nothing, my love
