

Rocketship

Shane Harper

intro: **G, G, C, Em, Em, D** repeat
and play throughout verse one

It s been fourteen minutes
Since I dropped you off and
And my mind is racing
Never thought I d think about
It s all about you
With your two left feet
And how you re just so sweet
You ve got me falling
Like a shooting star

pre chorus:

G
And you ve got all my friends
Em
Sayin wah ah oh ohhh
G
When I see you smile
Em
I need to know oh oh ohh

chorus:

G
Do your knees go weak

Does your tongue get twisted
C
Afraid to close your eyes

Cause you might miss this
Em **D**
I need to know, I need to know
G
Is it like a rocketship

Stole your heart
C
Boxed it up and took it all the way to mars
Em **D**
I need to know, I need to know yeah

(repeat pattern from verse one for verse two)

Two weeks and counting
Since I saw you standing

Fake facts and founding
And never thought I d think about
It s all about you
So here s the thing
I say what I mean
No hiding back behind some clever line

(play the same as the first pre chorus)

And you ve got all my friends
Sayin wah ah oh ohhh
When I see you smile
I need to know oh oh ohh
