A7/C#

And

C2

if you trust and then

```
Shine
Shannon Noll
Shine (by Shannon Noll)
Verse 1:
Get up, get out, get out and lift your head
Come on, come on, get up out of bed
D/G
                                      Gaug/C
Today s the day you hold the world with your song
Go now, go now, help escalate
C/G
Angels come down, help with this parade
Bm7
             C2
To hear your voice ring out
Come on and shout it, Let your song be heard
     D/F#
             Em7
 This is the time This is the day
               G/B
That we ve been waiting for
Am7
                  Dsus4
                                   G
                                        C/G D/G C/G
All the world will stop to watch you shine
Verse 2:
Hey now, hey now, hey now sing your hymn
C/G
This is the new national anthem
           C2
                            Gaug/C
We will all stand on guard to let you be heard
Let go, let go, let go all that can ask
C/G
How beautiful this world has become
                          Dsus4
        C2
Now everyone will see what I believe
That these words should be sung
A7/C#
       C2 G
                   (D/G - G)
 And
       if you fall
A7/C#
       C2
           G
                 (D/G - G)
 And if you fall
```

Yes it will come true
