

Holding Out

Sharon Van Etten

D

I was floored

D

Bm

By your humble outlook on the world around you and all you are

D

I was floored

D

Bm

By the way you take me seriously even when Im joking

D

Bm

D

Bm

Damn damn damn damn

G

A

Im not tired and Im tired

D

Im not calling out

Bm

On the street I was holding out

D

Holding out cross the table

Bm

I was holding out

G

A

D

Trying to find a lover like that holding out

Bm

Like the wind I was holding out

D

Bm

Staying still hoping no one else would see me

G

A

Hoping calm replacing silent drying palms

D

Bm

Do I need a reason to hold you now

D

Cause Iâ€™d hold you now

Bm

Yeah I would hold you now

D

Bm

One night and all I need is one more day

D

Bm

Holding out something that feels okay

G

A

D

Bm

And the right thing to do is wait

D

Holding out

Bm

Holding out

G

A

Holding out for you

D **Bm**
I am strange, believed in fairy tales at a young age
D **Bm**
Circumstance now I kick myself in the pants
G **A**
And then you came to me in a far away way
D **Bm**
And Iâ€™m bring you something I want you to have
D **Bm**
Itâ€™s the biggest part of my heart that I still got

G **A**
Hoping arms
D
Know Iâ€™ll be holding out
Bm
Iâ€™ll be holding out
D
Holding out
Bm
Iâ€™ll be holding out
D
Holding out
Bm
Holding out
G
Holding out
A **D**
For you
