Intro: **G A Em** x2

Em **C/G** **Em**
I was a child, I wasn't worried
Em **C/G** **Em**
Tempted in dark, waiting for love, I was late
G A **Em**
Don't let love wait
G A **Em**
And don't let love weigh anything

G A **Em**
When you were missing
G A **Em**
The world was shitty then, okay
G A **Em**
Tell a lie, I'd love to
G A **Em**
Telling me what to do
Em C/G **Em**
Tumbling right into ghosts
Em **C/G** **Em**
It's not such a sin, thought you should know

G A **Em**
I was just a child then
G A **Em**
Standing in my own line

G A **Em**
In line, in line, in line
G A **Em**
In line, in line, in line
G A **Em**
Sit in line, in line
G A **Em**
Just in line, in line

G **G**
Now it's coming through, it's coming through,
A A **Em**

its coming through, its coming through

G
