

**I Dont Need Anything This Christmas**  
**Shawn Colvin**

Verse 1: **B, D, C, F**

At it again fightin' the crowds  
I go through a war, to get downtown  
I look at your face,  
and how you light up when I come home

**G, C D**  
Holding you I'm sure, Nothin' matters more

Chorus:

**F, C, D**  
I don't want anything this Christmas time  
I don't need anything at all  
I don't want Christmas trees  
or bows or bell or fancy things

**F, D, C, F**  
I've got all I want so far,  
Christmas time is here and here you are.

Verse 2:  
Holding your hand looking at lights  
Seeing it all through your eyes  
I could forget about those lonely nights  
I wished and wanted  
Everything came true, Now that I've have you

Chorus

Bridge:  
I didn't believe in Santa Claus  
He never gave me anything I needed  
But now he brought me you  
And I'm gonna keep you too
