1. Baby let me set you down

Em

D

G

You look so

troubled and I think I know

Em

D

Just when you think you've got it down

Em

There you go.

2. Now I know the business of the heart

And it'll get you anyway it can

You need someone to walk with in the dark,

Well, I'm your man.

(chorus)

D

I go to the trouble like a magnet

D7

That's where I'll be

C

D

Am

Trouble is just a place to sing

C

Em

It's just what you need

3. I swear you look like you're in jail

And all at once you're half way

out the door

One foot dancing, one foot nailed

To the floor.

4. Chasing those circles in the ground

Same old shit is still the same old lie

Just when you think you've got it down  
Watch it fly.

I go to the trouble like a light  
Or like a dare  
Trouble is just a friend to me,                           I know  
It'll always be there

5. It's really hard to make your peace  
So give me some credit for the hell  
I've paid  
This world's a blessing and a beast  
Every day

6. So baby let me show you how  
The less you know the more  
I'll comprehend  
You don't have to drag me down  
I descend

I go to the trouble and I like it  
That's where I'll be  
Trouble is just like love,  
if it's half the way  
It's all I can see  
And it's just what you need.
