Am C
I ve let the sun set three hundred sixty five times
G Am
With murder running deep in my heart
Am/B C
And if I didn t directly pull the trigger
G Am
I sure as hell played my own part

Am7 Am C
Cause you know that it s a snake eat snake world
G Am Am7
We slither and serpentine through
Am Am/B C
But we all took a bite and six thousand years later
G Am Am7 Am
This apples getting harder to chew

C G Am
Cause tonight, boys, we re eating like kings
C G Am
Cause we ve all tasted death too much it seems
C G Am
Yeah tonight, boys, we re eating like kings

Am Am/B C
It s been a few years and a couple hundred sunsets
G Am
Since I fired a rifle in rage
Am/B C
A dozen leather couches and substance filled pouches
G Am
Still I can t fully turn the page

Am7 Am C
Cause you know that it s a snake eat snake world
G Am Am7
We slither and serpentine through
Am Am/B C
But we all took a bite and six thousand years later
G Am Am7 Am
This apples getting harder to chew
