

Pendulum Swing  
Shawn James

[Intro] F7M Am7 Am/D

F7M Am7 Am/D

Gotta get out of this town

F7M Am7 Am/D

Been feeling that way ever since my feet touched this cursed ground

F7M Am7 Am/D

I made it so I couldn't even stand

F7M Am7 Am/D

With the help of this bottle in my hand

F7M Am7 Am/D

I stumbled around like a drunken fool

F7M Am7 Am/D

Too blind to see that I was just being used like a throwaway tool

F7M Am7 Am/D

In those hard times there was pain

F7M Am7 Am/D

But I found that a hard lesson learned is wisdom gained

Am G6/B C

Cause though I may fall down with the sun

F Am

You better know that I'm not done

Am7 Am G6/B C G6/B G G7

Cause I'll rise up with the morning light

Am G6/B C F Am

Just because I fall, it don't mean I've lost it all

Am7 Am G6/B C G6/B Am

It's all apart of the pendulum swing

( F7M Am7 Am/D )

F7M Am7 Am/D

Well it might be you're down on your luck

F7M Am7 Am/D

Fallen on hard times, maybe given up

F7M Am7 Am/D

She did it thousand times before

F7M Am7 Am/D

You shouldn't worry, there are such great things in store

Am G6/B C

Cause though we may fall down with the sun

F Am

You better know that we're not done

Am7 Am G6/B C G6/B G G7

Cause we ll rise up with the morning light

**Am**                **G6/B C**                                **F**                                **Am**
