You ve got my heart

**A Bm**  
Don t waste your time

**G**  
Trying to pull me in

Cause I m just a mess

**A**  
You don t wanna fix

**Bm G A**  
Just promise me one thing that you won t forget

**Bm G A**  
But for now kiss me softly before I say

**A**  
Don t be a fool

**Bm**  
And wait on me, darling

**G**  
I know that you don t wanna hear this

**A**  
But I m always on the move

**A**  
And don t be a fool

**Bm**  
And say that you love me

**G**  
Cause you ll find a man  
Who will stand by your side

**A**  
And will be there for you

**A**  
And just know that I do

**Bm**  
Oh I really like you, baby

**G**  
And I wanna be there for you

**A**

For the rest of your days

**A**

But I know that you ll hurt

**Bm**

If we keep on doing this

**G**

So I m sorry to end this now

**A**

But I know that it s for the best

**A**

Don t be a fool

**Bm**

And wait on me, darling

**G**

I know that you don t wanna hear this

And don t be a fool

**Bm**

And say that you love me

**G**

Cause you ll find a man  
Who will stand by your side

**A**

And will be there for you
