Canyons and Caverns by Shawn Mullins

Chords:

**E**(022100) **Esus4** (033300) **B** (799600) **A** (577600) **F#**(244300)  
**C#m** ( 446654 ) **ASUS2** ( 002200 )

As you see you play the Barre? chords with open BE- strings. I don?t know if the chords have other name.

It?s a little bit difficult to play the E and ESUS4 chords like Shawn do. Listen to the song and you it out.

This way to play the song is close to the original.
