The Ghost of Johnny Cash by Shawn Mullins

Acoustic version from KINK.FM video

Key: **B**

Standard Tuning (I think the studio version is in **G#** and uses an alternate tuning. I liked this version since Shawn transposed it into standard tuning, which makes it easier to play live and it loses none of the character of the studio version)

Bm **A**
I woke up in a cold sweat, from a dream at 3am,
E/F# **G**
I was driftin on a sea of shadows; the rain was whippin in the wind
Bm **D** **A** **E/F#**
I saw a man dressed all in black, reach out and take the helm,
G **F#** **Bm**
And he charted us a course, out into the spirit realm.

Bm **A**
I can taste the salt; feel the blisters on my hand
E/F# **G**
As I m pulling at the ores, rowing on to glory land,
Bm **D** **A** **E/F#**
And sitting in the stern, singin hymns and talkin trash
Bm **A** **E/F#** **G** **F#** **Bm**
Is my broken guardian angel, the ghost of Johnny Cash.

Bm **A**
Well, Johnny s quoting from the bible, while I m trying to steer this leaky
craft,
E/F# **G**
And his familiar voice reminds me that I m man who s cut in half,
Bm **D** **A** **E/F#**
His tarnished halo slips and shines, as the raging billows crash,
Bm **A** **E/F#** **G** **F#** **Bm**
And I m riding out the deluge with the ghost of Johnny Cash

Chorus:

A
Some sinners need their saints to be survivors of the fall,
Bm **A** **E/F#** **F#**
Cuz when you re down here on your knees, most angels look to tall,
Bm **A** **E/F#** **G**
So I ll just live this life out dust to dust and ash to ash,
Bm **A** **E/F#** **G** **F#** **Bm**
With my guide from the other side the ghost of Johnny Cash,

Interlude:

Bm, A, E/F#, G, Bm

Bm **A**
You gotta stand for something, cuz when you re gone your gone
E/F# **G**
The devil lost a lot of souls when Johnny put that black suit on,
Bm **D** **A** **E/F#**
He s still flipping off the Pharacies and laughing at old scratch
Bm **A** **E/F#** **G** **F#** **Bm**
While he haunts the halls of heaven, the ghost of Johnny Cash

Chorus:

A
Some sinners need their saints to be survivors of the fall,
Bm **A** **E/F#** **F#**
Cuz when you re down here on your knees, most angels look to tall,
Bm **A** **E/F#** **G**
So I ll just live this life out dust to dust and ash to ash,
Bm **A** **E/F#** **G** **F#** **Bm**
With my guide from the other side the ghost of Johnny Cash,

Bm **A** **E/F#** **G**
Yeah, I ll just live this life out dust to dust and ash to ash
Bm **A** **E/F#** **G** **F#** **Bm**
Until I m raisin hell in heaven with the ghost of Johnny Cash
