Melt The Snow
Shayne Ward

B F#m G#m E

Sometimes out my window
I notice that you ve been crying over him
And I wonder why you just don t
Kick him to the curb

[Chorus]
You see love at first is summer time
That s when you think that everything s fine
No one ever thinks its gonna end
But when things go wrong and winter comes
You re gonna need to run to someone
Left alone you ll just freeze up again
But you should know
When it gets too cold
You re not alone
I ll melt the snow

Sime nights I can hear you
Screaming on the phone over
something that he did
And I wonder what can I do
To make you throw him out
so you can let me in

[Chorus]

I ll melt the snow
Ill melt the snow [x6]

[Chorus x2]

But you should know
When it gets too cold
You re not alone
I ll melt the snow
I ll melt the snow
