

Out Of Control Acoustic
She Wants Revenge

Verse

Em

With her high heel against the wall

C

Kind of dancing, though not at all

Am

She had stockings running up to her thighs

Em

Snaps her fingers to keep the time

[the same way as previous]:

From the back of the room I saw her there
I said she wants to be alone and I shouldn t dare
But then she noticed me glance at her
I had no choice but to dance with her

[Chorus]

Am

The lights that move sideways and up and down

C

The beat takes you over and spins you round

Am

Our hearts steady-beating, the sweat turns to cold

Em

We re slaves to the DJ and out of control

Verse:

I watched her feet move, her hips they sway
Does a hair flip then starts to say

Oh, my God, it s my favorite song
I pull her close and she sings along

We can t slow down even if we tried
If the record keeps spinning so will I
She likes disco and tastes like a tear
Tells me don t stop dancing and she s pulling me near

[Chorus]

Em

We ve got nowhere to go, we ve got nothing to prove

C

Instead of dancing alone, I should be dancing with you

Am

This song is turning me on, the beat is doing me in

Em

Or maybe it s only you, but either way, lets begin

[X3]
