

I'll Wait For You
Sherwood

My take on Sherwood's fantastic song. I'm not positive the chords for the bridge are right, if you have suggestions as to what they should be, leave them in the comments please.

Listen to the strumming from the song, it helps a lot.

[Intro] **D D D**

[Verse 1]

D G D
All in a day,
G A
See it for yourself,
I'll make no change,
When you are somewhere else,
And I'll write for you,
Every chance I get,
Tell me you'll listen,
And say you won't forget,

[Chorus] (use barre G here [355433], as it's an easier transition into Gm[355333])

G Gm D A G
And I'll never say I don't have time, when you need me with you,
Gm D A G Gm D
I'll stand in line, if you want me to, and I'll wait for you,
A G Gm
I'll wait for you,

(repeat intro, and lead into the verse)

[Verse 2]

D G D
Everyday,
G A
See it for yourself,
I'll make no plans,
When you are somewhere else,
And I'll sing for you,
Songs that no one hears,
But tell me you'll listen,
And say I'll have your ears,

G Gm D A G
And I'll never say I don't have time, when you need me with you,

Gm **D** **A** **G** **Gm** **D**
I ll stand in line, if you want me to, and I ll wait for you,
