Lifetimes

Songwriters: Sheryl Crow / Jeff Trott

**A** **E**  
Take off your halo, take off your golden crown

**C** **G** **A**  
The spotlight s off, the shades are down

**A** **E**  
Where are your friends now, they re ghosts in a windowpane

**C** **G** **A**  
Sometimes it s hard to stay the same

**C** **G** **A**  
We can live lifetimes in a single day

**C** **D** **A**  
No matter what you do, I love you anyway

**C** **G** **A**  
You say if you re lost inside; well, I get lonely, too

**C** **D** **A**  
Even in the worst of times, I give my best to you

**A** **E**  
I dreamed I was swimming, fighting the undertow

**C** **G** **A**  
Drifting in circles, no place to go

**A** **E**  
And when I woke up, I was wringing wet

**C** **G** **A**  
So much stronger than before

**C** **G** **A**  
We can live lifetimes in a single day

**C** **D** **A**  
No matter what you do, I love you anyway

**C** **G** **A**  
You say if you re lost inside; well, I get lonely, too

**C** **D** **A**  
Even in the worst of times, I give my best to you

**C**  
The words escape

**Am**  
The silence made

**C**  
The looks betray

**Am** **D** **A**  
I m not afraid

**C**                    **G**                    **A**  
We can live lifetimes in a single day

**C**                    **D**                    **A**  
No matter what you do, I love you anyway

**C**                    **G**                    **A**  
You say if you re lost inside; well, I get lonely, too

**C**                    **D**                    **A**  
Even in the worst of times, I give my best to you

**C**                    **D**                    **A**
