

Missing

Sheryl Crow

MISSING

E

Feeling weak today

C#m

Run the risk of tears

F#m7

Falling down your cheeks

A

From all the lonely years

E

Holding back your love

C#m F#m

While she races up the hill

F#m7

Chase what you dream of

A

But always standing still

CHORUS

E

All in all you see

C#m

Everything is history

F#m7 A

Think of all that youâ€™ve been missing

E

Every now and then

C#m

Shadows bring you back again

F#m7 A

Think of all the things youâ€™re missing

E

Lay the pictures out

C#m

Pull the curtains down

F#m7

Donâ€™t let us see you break

A

Your happiness you fake

E

Sending up a flare

C#m F#m

If anybody really cares

F#m7

To talk a little while

A

The past to reconcile

CHORUS

E

Every now and then

C#m F#m

I can almost picture him

F#m7

And think of all the things

A

Of all the things

A

Of all the things

E A

Well I do, I do

F#m B

Hear the morning creeping in

F#m B

And the spirits sings again

E A

Well you will, you will

F#m B

See the beauty in this moment

F#m B

Every time you're standing still

E

These times are temporary

C#m F#m

Some day the wind will carry you home

F#m7

And you'll be free

A

And you'll be free

E

No one will pull you down

C#m F#m

You'll wake up and look around

F#m7

And never again

A

Think of all that you've been missing

CHORUS
