(Back to introduction)

Here we are
Burning faster than the cursed star
Falling back down to the Earth
I love you so it sometimes hurts

Closer still
You will find me standing on the hill
Waiting for you with my arms stretched open wide
Now, come inside

And everything I know just fades away
And every time you go it hurts me so
I don t know why but I know we re free

Free to fly

And everything I know just fades away
And where the wildflower grows it picks its space
And that s the way it is when nature plays its lovely hand
We ll understand everything
