Capo 4

Em G D C

[Verse 1]

She clasps her hands together
And prays that God will hear her
She can finally be saved
She says goodnight I love you
I ll leave the light on for you
They think that she is very brave

[Chorus]

Broken
Broken
She will never be the same
Broken
Broken
She will never be the same

[Verse 2]

It s time to think things over
Figure out what happened
But the answer s somehow black
I can t seem to tell her
That I m scared of losing her
But it s too late to go back

[Chorus]

Broken
Broken
She will never be the same
Broken
Broken
She will never be the same

[Bridge]

Oh x8

[Verse 3]

She keeps repeating to me

Why it happened to her
What did I do that was wrong?
Look at me and tell me
Please don't try to save me
Have you loved me all along?

[Chorus]

Broken
Broken
She will never be the same
Broken
Broken
She will never be the same
Oh x8
