[Verse]

**Bm**            **A**            **G**  
**Bm**            **A**            **G**

[Verse]

**Bm**                            **A**            **G**  
I feel like there is no need for conversation  
**Bm**                            **A**            **G**  
Some questions are better left without a reason  
**Bm**                            **A**                            **G**  
And I would rather reveal myself than my situation  
**F**    **G**  
Now and then I consider, my hesitation

[Chorus]

**Em**                            **G**  
The more the light shines through me  
**D**    **A**  
I pretend to close my eyes  
**Em**    **G**  
The more the dark consumes me  
**D**    **F#m**  
I pretend I m burning, burning bright

[Verse]

**Bm**                            **A**                            **G**  
I wonder if the things I did were just to be different  
**Bm**                            **A**                            **G**  
To spare myself of the constant shame of my existence  
**Bm**                            **A**                            **G**  
And I would surely redeem myself in my desperation  
**F**    **G**  
Here and now I ll express, my situation

[Chorus] x2

**Em**                            **G**  
The more the light shines through me  
**D**    **A**  
I pretend to close my eyes  
**Em**    **G**  
The more the dark consumes me  
**D**    **F#m**

I pretend I m burning, burning bright

[Verse]

|   |          |          |
|---|----------|----------|
| <b>Bm</b>   | <b>A</b> | <b>G</b> |
| There s nothing ever wrong but nothing s ever right |          |          |
| Such a cruel contradiction                          |          |          |

|   |          |          |
|---|----------|----------|
| <b>Bm</b>                                       | <b>A</b> | <b>G</b> |
| I know I cross the lines its not easy to define |          |          |
| I m born to indecision                          |          |          |

|   |          |          |
|---|----------|----------|
| <b>Bm</b>   | <b>A</b> | <b>G</b> |
| There s always something new some path I m supposed to choose |          |          |
| With no particular rhyme or reason                            |          |          |

[ Chorus ] x2
