

The Sun  
Shiny Toy Guns

032033 320033 D 032033 320033 D

I ll wait up, I ll wait for...

D

I started out going out of control

I believe you wanna save my searching soul

Thought I met you in conversation

032033

But I m alone with your voice inside my head

320033

It was September when the cold ran down my face

022033

I want the fire back bending me back in shape

I hit the floor When the thoughts are too much pain

D

And you said I ll save your broken heart

032033 320033 D

Next time I ll wait for the sun (Ohhh)

032033 320033 D

Next time I ll wait for the sun (Ohhh)

032033 022033 032033 320033 D

Next time I ll wait for (I ll wait for) I ll wait for the sun

022033 032033 032033 D

Next time I ll wait for (I ll wait for) I ll wait for the sun

D

I know your dreams are full of dragons

Speaking words in foreign language

And now you re stuck like oil to canvas

032033

And you re alone with my voice inside your head

320033

It was December when the cold ran down your face.

022033

Far along, far away from goodness grace

You hit the floor When the thoughts are too much pain

D

And I swear I ll save your broken heart

Chorus

032033 320033 **D**

Waiting for you..

032033 320033 **D**

I ll wait here for you..

032033 320033 **D** 032033 320033 **D**

I ll wait, I ll wait up, I ll wait for...

Chorus
