

Long And Lonesome Road
Shocking Blue

Am **G** **Am**
On a Sunday night while driving my car
E
In the sky a fallin star
Am **G**
Tellin myself I don t go too far
F **Am**
And trust by the sound of the rain

F **Am**
Well I wonder, well I wonder where I am
F
Cos there s a long and lonesome road
E **Am**
That will find our world of you & me babe
F
There s a long and lonesome road
E **Am**
That will find our world like it used to be babe

Am **G**
Somebody there to show me the way
Am **E**
Yes, I m willin to pay
Am **G**
And this dear old man can tell me any day
F **Am**
Don t Know what happens to me
