Shooter Jennings - 4th of July

Intro - **A D**

A **E** **D**
Alone with the morning burning red in the canvas in my head
D **F E**
Painting a picture of you
A **E** **D**
And me driving across country, in a dusty old RV
D **F E**
Just the road and its majesty
D **E**
And I m looking at you with the world in the rear view

Chorus-

A
You were pretty as can be, sitting in the front seat
E **A**
Looking at me, telling me you love me ,and your happy to be,
A **D**
With me on the 4th of July
A
We sang Stranglehold to the stereo
E
Couldn t take no more of that rock n roll
A **D**
So we put on a little George Jones and just sang along
A **E** **D**
Those white lines get drawn into the sun if you aint got no one
F E
To keep you hanging on
A **E** **D**
And there you were like a queen with your nightgown, riding shotgun from town to town
D **F E**
Staking a claim on the world we found
D **E**
And I m singing to you, your singing to me ,you were out of the blue to a boy like me
