shelter for The Wolf

I keep on writing my songs to sing, along this two bit smoke parade

I never wanted the money, and I never wanted fame

Like everyone else who rides my name

Who s poised to push right me in front of that train

And make out like pirates, while I sink in the rain

Can t find no shelter from the storm that s coming on

Yeah stick together, or just die like the other dogs

I can t weather this feeling like I don t belong

Oh, the midst of helter skeptor, I just can t find no shelter for The Wolf

Oh, no shelter, from the storm that s coming on

Yeah stick together, or just die like the other dogs

Oh, I just can t weather, this feeling like I don t belong

Oh, the midst of helter skeptor, I just can t find no shelter

Oh, the midst of helter skeptor, I just can t find no shelter for The Wolf
