From the Album:The Other Life

**C**                      **F**              **C**  
The night just seems to drag on forever  
**Em**                      **F**                      **G**  
Waiting for that cleansing morning call  
**C**                      **F**                      **C**                      **F**  
Running from the mirror, I don't see it any clearer  
         **C**                      **G**                      **C**  
As fireworks bright and loud, burn out and fall

**C**              **F**  
Wild and lonesome  
         **G**              **C**  
Wild and lonesome  
                                 **G**                      **C**  
You're blowing through life son Like a Texas dust storm  
         **F**  
Wild and lonesome  
         **G**              **C**                      **F**              **G**  
Like a child who wants some one to play with  
                         **C**  
And keep him warm

**C**                      **F**                      **C**  
Bottle full of venom's used for drowning  
**Em**                      **F**                      **C**              **G**  
The ever-loving woman all my time  
**C**                      **F**                      **C**                      **F**  
Take another toke, keep on smiling, life's a joke  
         **C**                      **G**                      **C**  
Keep on going till I forget the things I've done

**F**  
Wild and lonesome  
         **G**              **C**  
Wild and lonesome  
                                 **G**                      **C**  
You're blowing through life son Like a Texas dust storm  
         **F**  
Wild and lonesome  
         **G**              **C**                      **F**              **G**  
Like a child who wants some one to play with  
                         **C**

and keep him warm

**C** **F** **C**  
When I finally see the line on the horizon  
**Em** **F** **C** **G**  
She illuminates the sky before my eyes  
**C** **F** **C** **F**  
And before I get the chance to ask her for the dance  
**C** **G** **C**  
The poison once again left me immobilized

**F**  
Wild and lonesome  
**G** **C**  
High and stoned some  
**G** **C**  
You re blowing through life son Like a Texas dust storm  
**F**  
Wild and lonesome  
**G** **C** **F** **G**  
Like a child who wants some one to play with  
**C**  
And keep him warm  
**F** **G** **C**  
Someone to play with, feed him And keep him warm
