

**Em**             **D**             **C**  
Cut, till crimson falls

**A7**

Over the bedroom walls

**Em**             **D**             **C**  
So will you lay me down tonight

**Em**             **D**             **C**  
And we ll be better off today

**Em\***   **D\***   **C\***   **B/C\*** **C\***

**Em**                                             **D**  
Between you and I it s the 2-step I crave

**C**  
Morbidly swaying to a dying refrain

**A7**  
If only tonight, and maybe tonight  
You write back here  
(I m so sincere)

**Em**             **D**             **C**  
So will you lay me down tonight

**Em**             **D**             **C**  
And we ll be better off today

**Em**             **D**                         **C**  
And I would die if you never got to know

**Em**             **D**                         **C**  
But would it do more harm this way?

And we ll go

Bridge

**Em\***   **D\***   **C\***   **B/C\*** **C\***

**Em\***   **D\***   **C\***   **B/C\*** **C\***

**Em\***   **D\***   **C\***   **B/C\*** **C\***

**Em**             **D**             **C**  
So will you lay me down tonight

**Em**             **D**             **C**

And we ll be better off today

**Em**     **D**                     **C**

And I would die if you never got to know

**Em**     **D**                     **C**

But would it do more harm this way?

End on Em
