SHORT STACK -RUBY RED

This song is pretty simple once you get the hang of it :)

Capo 1

Em **C** **G**
From the second floor you seemed so far away.
Em **C** **G**
And as the raindrops kissed my broken lips, i begged that you would stay.
Em **C** **G**
But you know honesty you mean to me the weather.
Em **C** **G** **Am**
The stage was yours last time, but this time, i found someone better.
Em **C**
Ruby Red.
G **Bm**
She wants the world instead.
Em **C**
Ruby Red.
G **D**
She wants the world instead.

Em **C** **G**
And from the ice caps we could see the sea below.
Em **C** **G** **Bm**
As the waves collided side to side that swayed us to and fro.
Em **C** **G**
We were wild eyed like fireflies together.
Em **C** **G** **Bm**
We sunk those chemicals like wolves and we were flying feathers.
Em **C**
Ruby Red.
G **D**
She wants the world instead.
Em **C**
Ruby Red.
G **D D D D D D D D D D D D D D D D**
She wants the world instead.

CHORUS-

C **G** **D**
Singing. Nothings gonna stand in our way.

C **G** **D**
Nothings gonna change the world, so come closer.

C **G** **D**
And nothings gonna stop us today.

C **G** **D**
We were the colours. Die like colours. So paint me black and blue.

Em **C** **G**
And we ll explode into the sky and meet the sun.

Em **C** **G** **Bm**
To place you with the stars above, cause thats where you belong.

Em **C**
Ruby Red.

G **D**
She wants the world instead.

Em **C**
Ruby Red.

G **D D D D D D D D D D D D D D D D**
She wants the world instead.
