E **B**
Iâ€™m just a big city boy.
E **B**
Living in the cold country.
E **B**
This place isnâ€™t my home,
E **B**
But itâ€™s the place I wanna be.

B **G#m**
From time to time,
F#
When I lay awake at night.
B
I just canâ€™t help but wonder why.
F#
Why I ever left those big city lights
G#m **F#**
And until when my friend
B
Will I have to pretend?
F#
That Iâ€™m ever going back that way again

F# **C#**
They say it wonâ€™t take too long
F# **C#**
And I should put it into a song
F# **C#**
Something about time and
F# **C#**
But I canâ€™t hear the tune.

Iâ€™m too busy howling at the moon **E** **B**
Iâ€™m just howling at the moon. **E** **B**

E **B**
Iâ€™m just a big city boy.
E **B**
Living in the cold country.
E **B**
This place isnâ€™t my home,
E **B**
But itâ€™s the place I wanna be.
E **B**
Iâ€™m just a big city boy.
E **B**
Cause moving from town to town,
E **B**
No longer appeals to me
E **B**
Iâ€™m just a big city boy tryinâ€™
E **B**
to make it in the cold country.
