Well out working in the fields one night,

On another man s land,

The boys in blue they watched me leave,

A sack full o rabbits in hand.

Early next day they followed me down

To a shop in the middle of the square.

I sold a brace of pheasants, a rabbit, and a hare.

I got a longdog. I am a poacher.

Em **D** **G**

Only one thing a poor man needs

C **D** **G**

A **Bm** **G** **D**

We got the longdog, we got a poacher

Well, I ve done time. Now I m on the street,

smarter in the head and lighter on my feet.

When those boys are out on the beat,

I m gonna catch what I m gonna eat

With my longdog. I am a poacher.

You know I got three months and a big fat fine
But I m not namin names.
Half this town s had a real good time
Living on longdog s game.
A red brick cottage on the edge of the woods,
Cars and cages all around.
waiting all day till the night comes around.
are the longdog. And the poacher.
