VERSE 1 0.19

Yo, if it were just you and I
Play the best of Bob Marley, no woman no cry
I make a guitar out of palm trees
In case you crash-landed and you couldn t find your iPod
Make a wish upon a starfish, kiss under the waterfall, coconut sidedish
Like paradise lost, but now I m found

VERSE 2 1.18

Collecting seashells on the seafloor
 Smoke a lil seaweed on the seashore
 Just me and you, we don t need more
 Except the sun and the stars and the wind and the mountains
 See I m a real hippie kid so just the two us is something I could dig
 Building castles in the sky, building castles in the sky
