

Battle Cry (feat. Angel Haze)

Sia

Am **F**
Money cannot buy

C
All the love that s here tonight

E7
All the love that s here tonight
Ouh-ouh

Am **F**
It s just you and I

C
So lift your hands toward the sky

E7
Lift your hands toward the sky
Ouh-ouh

Am
It seems like yesterday that I was nothin

F
Then all of a sudden I m a volcanic eruption

C
Then all of a sudden it s like spontaneous combustion

E7
And I m all up in your face yellin : Bitch, you can tell me nothin .

Am
Cause I came from the bottom, now everybody s watchin

F
I said it was my time, now I m who everybody s clockin

C
And I m just out here sprintin , I m runnin right through my vision

E7
I m trying to outrun my past, but still trying to defeat my limits

Am
Cause you only get one moment in this life to be great

F
And you can give it your all despite what it takes

C
And you never let em kill you, you take everything they give you

E7
And throw it right fuckin at em and tell em it doesn t build you

Am
And no it don t ever break you, and no it can t overtake you

F
Life s like a bed of roses, you take the thorns and you make do

C
Sometimes you have to hurt for the cause to be reached

E7
But one day you ll be stronger than all that you beat

And you can say

Am **F**

Money cannot buy

C

All the love that s here tonight

E7

All the love that s here tonight

Ouh-ouh

Am **F**

It s just you and I

C

So lift your hands toward the sky

E7

Lift your hands toward the sky

Ouh-ouh

Am

I woke up one Sunday morning, stopped believing in Jesus

F

Stopped believing in churches, I stopped believing in preachers

C

I realized I was a teacher, not just one of the heathens

E7

I m born to destroy the fallacies, start creating believers

Am

Start creating the leaders, tell em who they should follow

F

Nobody but themselves, especially if they hollow

C

Especially when they empty and death reserves for fulfillment

E7

You the only person alive who holds the key to your healin

Am

So you take it and you run with it

F

And keep going even when your sun s hidden

C

Because the time we spent in darkness when the rain come

E7

Is where we often find the light soon as the pain s done

Am

There ain t no material things in the world

That can change the fact that you feel alone

F

Despite the fact that it gets hard,

You take it all and you still go

C

Take the sun and you still grow,

Lose the light and you still glow

E7

I been there, I m still here and I know how you feel, so

Am **F**

Money cannot buy

C

All the love that s here tonight

E7

All the love that s here tonight

Ouh-ouh

Am **F**

It s just you and I

E7

Ouh-ouh

Am **F**

C

All the love that s here tonight

E7

All the love that s here tonight

Ouh-ouh

Am

It s hard to explain my way of living to people who never lived it

F

A minute in my position filled with my opposition

C

That anybody not different fighting to stay the same

E7

I got lives in my hands and I m fighting to make em change

Am

Couldn t accept responsibility, find somebody to blame

F

The emotions that I m harboring bout to drive me insane

C

Tried to say fuck everything, but I ain t have a heart to

E7

Rarely had a heart to do a lot of things I ought to

Am

So now I spit it for people who say their cords missing

F

Inspire life into anybody that s forfeiting

C

Cause it s easy to keep pretending that there s nothing wrong

E7

But it s harder to keep your head up and be fucking strong

Am

So, now they re telling me, Go, Haze, they can t stop you.

F

Heavyweight flow, if they can t lift you then they can t drop you

C

The pinnacle, if they can t reach you then they can t top you

E7

Man, they can t do anything that you re about to.

Am
