Dm
Break down, tears fall to the ground
Tell myself ,do it, nothing can be found
When you re a fighter, you re a fighter
You re a fighter, fight on baby
Dm
Some days I m sure I ve lost the faith
Вb
Some days I cannot find my faith
But I just fight on, I just fight on
I just fight on baby, baby
Вb
And I am a wounded warrior
And now that the enemy is close and in
I am a wounded warrior
         C
Looking for someone to let me in
           F
                         C
Black and blue, I m begging you
        Gm
                   Dm
Take me in, I m surrendering
Black and blue, but if I m with you
            Gm
                              Dm
If I m with you, I ll live to fight on through
Dm
I ll let go, walking into the unknown
If I surrender, if I lay my arms down
Am, I a fighter, Am, I a fighter
Cause I ve been fighting so long baby
