

**Burn The Pages**  
**Sia**

[Intro] **F# D#m B**

**F#**

You re dark grey like a storm cloud  
Swelling up with rage that is desperate to be let out

**D**

And i know it s a heavy load carrying those tears around  
Carrying those fears around, worry makes the world go round

**F#**

You re twisted up like a slipknot  
Tied by a juicehead who just took his t-shot, and i know

**D**

There s a hungry dog tugging at your frayed ends  
But he s just playing with you, he just wants to be your friend

**D#m C#**

So don t worry, don t worry i m here by your side

**B**

By your side, by your side  
We re letting go tonight!

**F#**

Yesterday is gone and you will be ok

**D#m**

Place your past into a book, burn the pages

**B**

Let em cook, oh

**F#**

Yesterday is dead and gone and so today

**D#m**

Place your past into a book, burn the pages

**B**

Let em cook

**F#**

Eyes stinging from the black smoke, new hope  
Loose rope, risen from the undertow

**D**

All is well  
We welcome the cry, of the dark night sky  
Swallow me peacefully, follow my heart back inside

**D#m C#**

So don t worry, don t worry i m here by your side

**B**

By your side, by your side  
We re letting go tonight!

**F#**

Yesterday is gone and you will be ok

**D#m**

Place your past into a book, burn the pages

**B**

Let em cook oh

**F#**

Yesterday is dead and gone and so today

**D#m**

Place your past into a book, burn the pages

**B**

Let em cook
