[Verse]

G Dm F C
We had love so strong my heart couldn't take it
G Dm F C
You took it in your hands and resuscitate it

I felt every cell fall in love with you but...

Dm F C G
I watched you slip, slip away, no explanation
Dm F C G
You on your phone, you're locked up in your Playstation
Dm F C G
I stared at the diamond on my finger and I waited
Dm F C G
But the truth never came, but I know her name, so see you later

[Chorus]

Am G C F
No I won't miss you, I won't cry, I don't regret it
Am G C F
No I won't stand for it, no I don't need confetti
Am G/B C F
And you can treat another to your lies, you'll never give in
Am G N.C.
I'd rather walk alone than let them throw dirty confetti
Am G C F
I'd rather walk alone, I'd rather walk alone
