

Midnight Decisions

Sia

Bm **D**
Remember when we had it all? Remember when you took my calls?
Em **C**
You were my whole world You were my whole world
Bm **D**
Not a thing said to me Question now if my heart bleeds
Em **C**
You were my whole world You were my whole world

C **D**
I can t stop watching my phone Can t turn it off
Em **G**
What is wrong with me? I can t, baby But if you change your mind
C **D**
Then I ll miss it Now I m crying alone Hotel, never much fun
Em **G**
Not when there s nobody to catch your tears Out here

Em **G** **C**
I know Last night we made some midnight decisions
C **Em** **D**
Did I mess up? Oh God I hope I didn t
Em **G** **C**
It s all a blur when we talk through the liquor
C **Em** **D**
I always regret midnight decisions
Em **G** **C**
I always regret midnight decisions
C **Em** **D**
I always regret midnight decisions
Em **G** **C**
I always regret midnight decisions
C **Em** **D**
I always regret midnight decisions

Bm **D**
Soothe me now, soothe me, old friend Warm my body, dunk my head
Em **C**
He was my whole world He was my whole world
Bm **D**
Kill the chattering Keep the voices from screaming
Em **C**
He was my whole world He was my whole world

C **D**
I can t stop watching my phone Can t turn it off
