

Asshole Father
Sick Puppies

Artist: Sick Puppies
Song: Asshole Father
Tuning: Standard

This song is recorded in Drop D, but these are the chords for open tuning. Be sure to play around with the voicing of the chords. Listening to the recording carefully helps you distinguish where to play a low A# versus a higher one. I included the tab for the verses in case you prefer Drop D, the chord map would be different however.

Drop D Verse:
