Odd One

```
Sick Puppies
[Intro]
C D/C C D/C
[Verse]
Odd one, you re never alone
                    C
I m here and I will reflect you
                    D/C
Both of us basically unattached to anything
Or anyone unless we re pretending
You live your life in your head
Some call it imagination
                D/C
I d rather focus instead on anything
Except what I m feeling,
What I m feeling,

Odd one

Hey, we re gonna laugh at this one day
[Outro]

Don t let someone tell you you re no one
         G
Don t let someone tell you you re no one
