

## Riptide

### Sick Puppies

[Verse]

**Am**

You all hate your children

**Am**

They re too fat to feed

**F**

you re on medication

**F**

Taking pills to sleep

**C**            **G**                            **F**

I think I m doing just fine

**F**

Compared to what you ve been doing

**Am**

I won t get vaccinated

**Am**

Insurance costs too much

**F**

You think you re so persuasive

**F**

But I m not giving up

**C**            **G**            **F**

Saving my life

**F**

it s not what you re doing

**C**                            **G**

I, I won t justify

**F**

The way I live my life

**F**

Cause I m the one livin it

**Am**

Feelin it, tastin it

**G**    **C**

And you re just wasting your time

**G**

Trying to throw me a line

**G**

When you re the one drowning

**F**

I like where I m at on my back

**Am**

Floating down in my own riptide

**G**                            **C**

The water is fine

**Am**

I like to step on cracks

**Am**

I go against the odds

**F**

You think my world is flat

**F**

Do I turn you on?

**C G F**

Maybe, yeah I m wrong

**F**

But I like where I m going

**Am**

I leave when others stay

**Am**

I never re-decide

**F**

I don t mind if you wait

**F**

But I don t waste my time

**C G F**

Crazy is just fine

**F**

Cause I like where I m going

**C G**

I, I won t justify

**F**

The way I live my life

**F**

Cause I m the one livin it

**Am**

Feelin it, tastin it

**G C**

And you re just wasting your time

**G**

Trying to throw me a line

**G**

When you re the one drowning

**F**

I like where I m at on my back

**Am**

Floating down in my own riptide

**G C**

The water is fine

[Chorus]

**Gm**

I remember when it used to be easy

I remember when it wasn t so hard

I remember when it used to be easy

I remember when, I remember when

[Verse]

**C G**

I, I didn t have to justify

**F**

The way I live my life

**F**

Cause I'm the one livin' it

**Am**

Feelin' it, tastin' it

**G**

**C**

And you're just wasting your time

**G**

Trying to throw me a line

**G**

When you're the one drowning

**F**

I like where I'm at on my back

**Am**

Floating down in my own riptide

**G**

**C**

The water is fine

[Chorus]

**Gm**

I remember when it used to be easy

I remember when it wasn't so hard

I remember when it used to be easy

I remember when, I remember when
