

**This Is Not Goodbye**  
**Sidewalk Prophets**

**B** **G#m**  
I can see it in your eyes that you are restless  
**E** **F#**  
The time has come for you to leave  
**B** **G#m**  
It's so hard to let you go but in this life I know  
**E** **F#**  
You have to be who you were made to be  
**G#m** **E**  
As you step out on the road I'll say a prayer  
**G#m** **F#**  
So that in my heart you always will be there

[Chorus]

**B** **B/G** **E**  
This is not goodbye  
**G#m**  
I know we'll meet again  
**F#**  
So let your life begin  
**B** **B/G** **E**  
'Cause this is not goodbye  
**G#m** **F#**  
It's just 'I love you' to take with you  
**E** **B**  
Until you're home again

**B** **G#m**  
The stirring in your soul has left you wondering  
**E** **F#**  
Should you stay or turn around  
**B**  
**G#m**  
Well, just remember that your dreams they are a promise  
**E**  
That you were made to change the world  
**F#**  
So don't let fear stop you now 'cause

[Chorus]

**G#m**  
I know the brightest star above  
**E**  
Was created by the One who loved  
**G#m**  
More than we'll ever know  
**F#**

To guide you when youâ€™re lost

**G#m**

What started as a still, small voice

**E**

Is raging now and your only choice

**G#m**

Is to follow who you are

**F#**

So follow who you are â€™cause

This is not goodbye

I know weâ€™ll meet again

Oh

[Chorus]
