And I ve got friends
E **A**
That work in bars and play in bands

My rock & roll friends
Will steal your chicks and wreck your van
But rock & roll friends
Know what it takes to be a man.

And rock & roll friends
Check each other s books back in
And rock & roll friends
Check each other s books back in

And rock & roll friends
Do each other s taxes and
The rock and roll plan
Is to be as cool as you can

And rock & roll friends
Check each other s books back in
And rock & roll friends
Check each other s books back in
And rock & roll friends
Check each other s books back in
And rock & roll friends
Check each other s books back in
