

Discovering The Waterfront Intro
Silverstein

Okay This Tab Is 100% Correct I guarantee It. Its kind of tricky to get the 3 on the B string with your with your middle finger while holding the 6 on the G string with your pinky but that s how Neal plays it. I watched the dvd that came with their cd and it showed him playing it in the video montage and so I paused and tabbed it out.
Fairly easy song though. Enjoy!
