Verse 1:
C#
   The river s running
            F#
fast right now
It s the time of year
     C#
the water cleanses itself
F#
Running wild but
              C#
always in control
                F#
And now s the time
            C#
to sever the ties
                 F#
To habits that weaken
                       Bbm G#
disguised by tradition

Refrain:
F#   **Bbm G#**
   Drain away this fear

```
F#                      Bbm G#
  Until it disappears
C#
Yeah!

Chorus:
F#          G#        Bbm
  I m not ready to swim
        G#          F#
I m not going to sink
G#      Bbm
I just want to
G#                    F#
float through the sea
        G#              Bbm
Are you pulling me down?
        G#            F#
Are you holding me up?
    G#          F#
Or are you slowly drowning me?

Verse 2:

Sing:
C#
  There s something
              F#
to be said for luck it s
                  C#
better than being good
                    F#
When half of being good
                  C#
is being lucky anyways
We re spreading out

Growl:
              F#
We re spreading out

Sing:
we re harder to hit

Growl::
              C#
we re harder to hit

Sing:
Become a moving target

Drop your burden
