

**Dots And Dashes (Enough Already)**

**Silversun Pickups**

**Em** **A5**  
So you want to mess with me? Caught me in a silent scream  
**C**  
Heat filling up my cheeks, not exactly what you think  
**Em** **A5**  
See you in the room next door, your feet float above the floor  
**C**  
Dress torn above your knees like you've owned it for centuries

**Em** **A5**  
Dots and dashes on the wall, you tell me about the falls  
**C**  
Of kingdoms and champions you've seen a thousand times before  
**Em** **A5**  
I show you my private things like my scrapbook of fantasies  
**C**  
You say I look a little too green for saving

**Em** **D**  
I'm already bored, I'm already wise, I'm already worn  
I'm already wondering what am I?  
**Am** **C**  
I'm already rough, I'm already lean  
I'm already wanting to be obscene  
**Em** **D**  
I'm already cursed, I'm already dry  
I'm already wondering what am I?  
**Am** **C**  
I've already learned a bit of sin  
Enough already let me in

**C** **Bm** **D** **C**  
We signal in a moon beam, I beg you to follow me  
**Bm** **D** **C**  
You say that I'll be surprised at the codes in the sunrise  
**Bm** **D** **C**  
But if I don't like what I see and my grip starts loosening  
**Bm** **D**  
The edge of the big reveal could be the end of the story

**E5** **A5** **C** **E5**  
I just found innocence spinning around, spinning around  
**A5** **C**  
Should I stand back and blow it all down, blow it all away?

**Em** **D**  
I'm already bored, I'm already wise, I'm already worn

I m already wondering what am I?

**Am** **C**

I m already rough, I m already lean

I m already wanting to be obscene

**Em** **D**

I m already cursed, I m already dry

I m already wondering what am I?

**Am** **C**

I ve already learned a bit of sin

Enough already let me in

**C** **Bm** **D** **C**  
We signal in a moon beam, I beg you to follow me

**Bm** **D** **C**  
You say that I ll be surprised at the codes in the sunrise

**Bm** **D** **C**  
But if I don?t like what I see and my grip starts loosening

**Bm** **D**  
The edge of the big reveal could be the end of the story
