B E B
The sun is burning in the sky.

Strands of clouds go slowly drifting by.
B A#m G#m
In the park, the lazy bees

Are droning in the flowers among the trees.
B E B
And the sun burns in the sky.

B E B
Now the sun is in the west
E F#
Little kids go home to take their rest.
B A#m G#m
And the couples in the park
E
Are holding hands and waiting for the dark.
B E B
And the sun is in the west.

B E B
Now the sun is sinking low.
E F#
Children play and know it s time to go.
B A#m G#m
High above, a spot appears.
E
A little blossom blooms and then draws near.
B E B
And the sun is sinking low.

B E B
Now the sun has come to earth.

Shrouded in a mushroom cloud of death.
B A#m G#m
Death comes in a blinding flash.
E
Of hellish heat and leaves a smear of ash.
B E B
And the sun has come to earth.

B E B

Now the sun has disappeared.

All is darkness anger pain and fear.

B A#m G#m

Twisted, sightless wrecks of men

B E B

And the sun has disappeared.
