The Sound Of Silence Simon & Garfunkel

[Verse 1] Am Hello darkness, my old friend, I ve come to talk with you again, F Because a vision softly creeping, Left its seeds while I was sleeping, And the vision that was planted in my brain C/B Am Still remains Am Within the sound of silence. [Verse 2] In restless dreams I walked alone Narrow streets of cobblestone, neath the halo of a street lamp, I turned my collar to the cold and damp When my eyes were stabbed by the flash of a neon light C/B Am That split the night Αm And touched the sound of silence. [Verse 3] And in the naked light I saw Ten thousand people, maybe more. People talking without speaking, People hearing without listening, People writing songs that voices never share C/B Am And no one dare

Disturb the sound of silence.

```
[Verse 4]
Fools said I, you do not know
Silence like a cancer grows.
Hear my words that I might teach you,
Take my arms that I might reach you.
                                      C/B Am
But my words like silent raindrops fell,
And echoed
      G
               Αm
In the wells of silence
[Verse 5]
And the people bowed and prayed
                    Am
To the neon God they made.
                       F
And the sign flashed out its warning,
                    F
In the words that it was forming.
And the sign said, the words of the prophets
Are written on the subway walls
            C C/B Am
And tenement halls.
                    G Am
And whisper d in the sounds of silence.
