

Beside You
Simply Red

G **C**
We follow the river down into the stream
F **Em**
That's where my dream began
G **C**
I left my worries to the people who stare
F **Em**
And dreamed without a care

G **D** **Em**
That I'd always be beside you
C **G** **D**
To watch the day and night
G **D** **Em**
And we listen to the sunrise
C **G** **D**
And feel it's growing light
C **F** **Em** **G**
And peace will come inside so quiet

G **C**
Wherever we're going, I don't know
F **Em**
For a million years our love keeps growing
G **C**
The mystery deepens, day by day
F **Em**
But trust my love, and hear me say

G **D** **Em**
That I'd always be beside you
C **G** **D**
To watch the day and night
G **D** **Em**
And we listen to the sunrise
C **G** **D**
And feel it's growing light
C **F** **Em** **G**
And peace will come inside so quiet

C **G** **D**
To watch the day and night
G **D** **Em**
And we listen to the sunrise
C **G** **D**
And feel it's growing light

And peace will come inside so quiet
