

Beside You
Simply Red

G# **C#**
We follow the river down into the stream
F# **Fm**
That's where my dream began
G# **C#**
I left my worries to the people who stare
F# **Fm**
And dreamed without a care

G# **Eb** **Fm**
That I'd always be beside you
C# **G#** **Eb**
To watch the day and night
G# **Eb** **Fm**
And we listen to the sunrise
C# **G#** **Eb**
And feel it's growing light
C# **F#** **Fm** **G#**
And peace will come inside so quiet

G# **C#**
Wherever we're going, I don't know
F# **Fm**
For a million years our love keeps growing
G# **C#**
The mystery deepens, day by day
F# **Fm**
But trust my love, and hear me say

G# **Eb** **Fm**
That I'd always be beside you
C# **G#** **Eb**
To watch the day and night
G# **Eb** **Fm**
And we listen to the sunrise
C# **G#** **Eb**
And feel it's growing light
C# **F#** **Fm** **G#**
And peace will come inside so quiet

---SOLO---

C# **G#** **Eb**
To watch the day and night

G# **Eb** **Fm**
And we listen to the sunrise

C# **G#** **Eb**
And feel it's growing light

And peace will come inside so quiet
